

April 2022 Double Click Meeting

Intro to the Shortcuts App - Annotated Links

=====

Apple's "Shortcuts User Guide"

<https://support.apple.com/guide/shortcuts/welcome/ios>

Although this guide is written for the Shortcuts app on iPhone and iPad, nearly all of the content is also relevant to the Shortcuts application available in macOS Monterey.

=====

"A complete guide to Shortcuts on macOS"

<https://www.xda-developers.com/guide-shortcuts-macos/>

A useful basic guide to Shortcuts on macOS with several screenshots.

=====

"16 macOS Monterey Shortcuts That Will Make Your Life So Much Easier"

<https://www.idropnews.com/how-to/16-macos-monterey-shortcuts-that-will-make-your-life-so-much-easier/170679/>

This article lists shortcuts from Apple's Shortcuts Gallery that "work best on your Mac."

=====

"15 Best Siri Shortcuts for macOS 12 Monterey"

<https://www.igeeksblog.com/best-siri-shortcuts-for-macos/>

Another list of best macOS shortcuts. Includes a brief tip for each shortcut about how you might "personalize" it.

=====

"Shortcuts Archive"

<https://www.macstories.net/shortcuts/>

A repository of downloadable third-party shortcuts that should be quite safe to install and use.

=====

"r/shortcuts"

<https://www.reddit.com/r/shortcuts/>

The Shortcuts community discussion section of reddit.com. An excellent place to seek help if you get stuck programming your own shortcut. Also includes a [shortcuts wiki page](#) of basic information.
